NEW YORK MERCHANTS PROTECTIVE CO.

Has been safeguarding businesses, homes and families with advanced electronic security systems.

Protecting over \$100 Billion in Property & Assets

Today, New York Merchants Protective Co. is ranked as one of the largest security firms in the United States. Our systems protect billions of dollars in commercial and residential properties across North America.

Monitoring over 70,000 Systems Nationwide

Our UL-listed, National Industrial Monitoring Center operates 24 hours a day – employing the most state-of-the-art telecommunications technology and highly trained emergency dispatchers.

Unlimited Security Solutions

No matter what the size of the project, New York Merchants Protective Co. can design, install and monitor systems based on your unique needs. Our systems and services are fully customizable.

WHAT MAKES US

DIFFERENT FROM THE REST

FAMILY OWNED & OPERATED

Since 1910, New York Merchants Protective Co. has built its reputation for providing clients with the personal attention they deserve. Our dedication to superior, individualized service has passed through generations of our family, and it's this commitment that separates us from our competitors.

HIGHLY TRAINED PERSONNEL

The human element is critical to the security of our subscribers. All of our project engineers, installers, field service techs and emergency dispatch operators undergo extensive training for competency, courtesy and professionalism. The result is an expert staff that reacts fast and without fail in every situation.

ELITE 24/7 MONITORING

The backbone of over 70,000 systems—our UL-listed, National Industrial Monitoring Center is certified to monitor systems used by the United States Department of Defense and other highly secure government agencies.

- Cutting-edge Monitoring Automation Systems
- Multiple signal transfers via telephone, Internet & radio transmission
- Triple redundancy telecommunications back-up systems
- Dual electrical power grids supplied by multiple providers
- Dual-redundant uninterruptible back-up power systems
- Rigorous in-house personnel training & national certifications

REAL-TIME ALERTS & ONLINE ACCOUNT MANAGEMENT

New York Merchants Protective Co's Monitoring Automation System (MASweb) makes it easy to check up on your property and account status—from anywhere in the world.

- Real-time alerts of critical events by email, text & fax
- Live Internet video & audio feeds of your property
- Access to alarm schedules, contact lists & passwords
- Online service request forms & operations manuals

TRUSTED. CERTIFIED. SECURE.

FIVE-DIAMOND CENTRAL STATION

Designated a Five-Diamond Central Station by the Central Station Alarm Association: this coveted award is given only to monitoring centers committed to upholding the absolute highest standards in the industry.

NATIONAL INDUSTRIAL MONITORING

Listed by Underwriters Laboratories for high standards of quality assurance and system reliability: this designation approves NYMPC for monitoring security systems used by the U.S. Department of Defense.

FDNY APPROVED

Certified by the New York City Fire Department for trained dispatchers and central-station signaling dispatch: New York Merchants Protective Co. is one of only a few security firms approved to monitor fire alarms in New York City.

COMMERCIAL ALARM MONITORING

UL-listed for Commercial Burglar Alarm & Protective Signaling; indicates ongoing standards compliance of equipment, installation, maintenance and monitoring through audits by Underwriters Laboratories.

SDM 100

SDM 100 SECURITY DEALER

Ranked by Security Distributing & Marketing Magazine as the 37th largest security alarm provider in the United States; also ranked 25th among dealers servicing non-residential accounts. *Published May 2007*

CERTIFIED TECHNICIANS

Certified by the National Intuition for Certification in Engineering Technology: this nationally recognized certification ensures that all New York Merchants Protective Co. technicians possess exceptional technical ability and competency.

SINCE 1910

1-888-NYMP-911

www.NYMPC.com

Hyman Glass starts New York Merchants Protective Co. with just 1 employee

1910

NY mob tries to take over NYMPC and issue a contract to Murder Inc to kill Hyman Glass. All attempts were unsuccessful and Glass retains the company and his life

1931

NYMPC sells the private investigation business and the night patrol business to concentrate on the rapidly expanding electronic security side of its business

1963

1925

NYMPC now operates the largest private investigative firm in NYC

1956

Hyman Glass suddenly passes away and his children are forced to assume the family business

1978

NYMPC receives UL listing on its commercial burglar alarm central station

1982

NYMPC receives FDNY approval and now become one of only ten companies approved to monitor fire alarms in NYC

1988

The third generation joins the business

1989

NYMPC enters the armed guard response business

1990's

After a series of acquisitions of our competitors NYMPC becomes one of the largest security companies in the NY metro area

2000 - 2005

NYMPC continues to grow and debuts on the security industries SDM magazine top 100 companies in the U.S. in 65th place

2006

NYMPC becomes the largest commercial supplier of electronic security and fire alarm services to The City of New York. NYMPC also moves up to the 25th largest security company in the U.S. as published in SDM Magazine (May 2007)

TODAY

NYMPC along with our fourth generation continues to follow a simple philosophy which says "always remember that we have been entrusted with the safety and security of all of our subscribers and their families"
